EDUCATION

- B.Sc. (Computer Science), Prof. Ramkrishna More College Akurdi, Pune.
 - 70.45% (2023)
- H.S.C., New English School Sangola, Pune.
 - 58.25% (2019)
- S.S.C., New English School Sangola, Pune.
 - 78.20% (2017)

EXPERIENCE

- I have done **6 months Internship** as Associate Software Developer Intern at Data Science Lab Pvt. Ltd., Pune. While Internship I was on the live project named Pravinyam.co.in. In this project, I have worked on Frontend and on the Backend.
Technologies: React.js, Node.js, JavaScript, PostgreSQL

PROJECTS

- **React-Admin-Dashboard**
Created a comprehensive React Admin Dashboard App, featuring a powerful combination of React and Material UI. Seamlessly manage your data with Data Grid functionality, offering robust data visualization and interaction
Technologies: MERN Stack (MongoDB, ExpressJS, ReactJS, NodeJS)
- **Generic Standard Template Library (STL)**
This project contains the generic implementation of Linear data structures
Technology: C++ Programming
- **Codial**
Codial is a blog website built with Express.js and Passport.js for user authentication. It lets you create, manage, and interact with posts, comments, and likes. Share your thoughts and engage with others in a user-friendly environment.
